

(7 pts)

- c) In the termination portion of this program we wish to print the Sales by Salesman report from the arrays ISM and TSLS in the following print positions:

Print Positions

1-4

8-15

Description

Salesman number (from ISM array)

Total Sales (of form XXXXX.XX
from TSLS array)

Then terminate this program. The report should be single spaced, and you do not need to print the headings.

Print Positions	Description
1-4	Salesman number (from ISM array)
8-15	Total Sales (of form XXXXX.XX from TSLS array)
