CONDUCT OF COURSE

The course will be conducted as a seminar. Each student is expected to participate in every class. The grade will be determined on the basis of the quality of the student's preparation and participation (written assignments, abstracts, class discussions and term paper).

One student will be assigned primary responsibility for each reading assignment. (Primary reading assignments will be made at least one week before the class in which they are due and will be recorded on the "Class Presentation Schedule".) That student will: (1) prepare and present a 10 minute discussion of the material, (2) lead the subsequent class discussion, (3) prepare a short (less than 1/2 page double spaced) abstract of the assignment, when an abstract is not provided in the original reading, and (4) prepare a one to three page summary of the material including its relation to other relevant material. (Items 3 and 4 are to be neatly prepared and a
