- I know of many places and you can guide me by telling me which direction you want me to move. You only need to type the first letter of the direction, e.g. "GO NORTH" can be entered as "N".

- Directions are: NORTH, SOUTH, EAST, WEST, UP and DOWN

- From time to time I may come across some objects which may help you in your journey. It may any time, you can see what I am holding by typing LIST.

- Some of the objects are not always as innocent as they may seem and you should always be wary of opening boxes!

- At all times, try to put yourself in my position to decide what you want me to do next.
