

boisterous.

The Swedish Academy does not reveal who was nominated or who it considered on its shortlist. Nominations can be made by previous laureates, professors of history and literature, members of the Academy and presidents of some national authors' organizations.

The Nobel Prize in Medicine winner will be announced Monday, the physics and chemistry winners on Tuesday, the economics laureate on Wednesday and the peace prize on Oct. 16. All the prize announcements are in Stockholm, except for the peace prize which is given in Oslo, Norway.
