

2. Mogući oblici slogova kod sekvencijalnog memorisanja

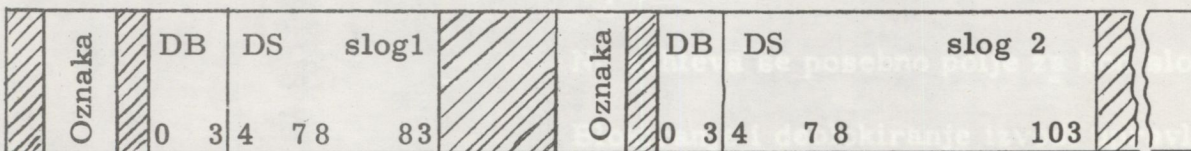

1) Fiksna dužina sloga, neblokirano

2) Fiksna dužina sloga, blokirano

3) Variabilna dužina sloga, neblokirano

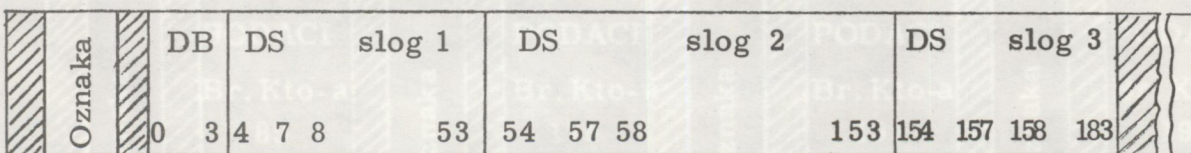

DB = 84    DS = 80                      DB = 104            DS = 100

DB = Dužina bloka,    DS = Dužina sloga

Primer

4) Variabilna dužina sloga, blokirano

DB = 184    DS = 50                      DS = 100                      DS = 30

DB = Dužina bloka,    DS = Dužina sloga

5) Variabilna dužina sloga bez podatka o dužini

Blokiranje i deblokiranje mora izvršiti korisnik sam.
