

obstaja VLex, je potrebno samo preinstalirati sistem, to je zamenjati vse programe. Kontejnerji pa morajo ostati stari!

\$ VMSINSTAL

... ..

* Products [exit]: LEX

... ..

* Only replace and reinstall the images [NO] : Y

* Do you want to purge files replaced by this installation : YES

... ..

NOTE

You will find Release Notes on SYSS\$UPDATE

File is: LEKSIK.R35
