

SEKTORU ZA PROIZVODNJO SOFTWARE-a

V ACCLOG V1.23 Je opazena napaka pri stelju I/O v slucaju da je traka mountana. Naslednji patch resuje ta problem. Reseneracija sistema ni potrebna, toda potrebno je izvesti ZAP in OBJ patch.

PV115

FIX BUG IN MOUNT TAPF I/O COUNT

DISK = 22
TAP = 25
